

PARTNERING

All MCA activities are designed to expand the use of members' products. By joining MCA—with its strong market development program, The Metal Initiative, and focused and growing technical agenda—you can help strengthen metal's position in construction and reap the benefits of MCA's successful programs.

You'll also receive: 10% discount on exhibiting at METALCON International; 5% discount for exhibiting in the Metal Pavilion at the International Roof Expo; access to updated technical reports, research data, and industry information in the Members Only section of the MCA website; and networking and decision-making opportunities at MCA's national meetings held twice each year.
